To Whom It May Concern:

This letter confirms that Raylene Williams currently offers art lessons to our children here at "Little Angel's".

Raylene's classes are eagerly awaited and enjoyed immensely. She has crept into the hearts of all our little children but especially into those of our Grade R class. She has a pleasant personality, which is well suited for a career involving children. Raylene is efficient, energetic and hard working. She seems to handle pressure with cool competence. Her efforts put in are greatly appreciated.

Raylene is very reliable she will always phone if unable to give a class. Her attendance record is good.

We hope Raylene's experience here with us all is a positive and pleasant one. Ray is talented and we wish her the best for a successful future.

For further information please feel free to contact me.

Yours truly,

Celeste Pereira
